## B. Background Information About Tufts Health Plan Senior Care Options' Network Providers

### B1. Key terms

This section explains key terms you'll see in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS) supplies, prescription drugs, equipment, and other services.
  - The term providers includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may see as a Tufts Health Plan Senior Care Options member.
  - Providers that are a part of our plan's network are called network providers.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you see a network provider, you usually pay nothing for covered services.
- A **primary care provider** (PCP) is a physician, nurse practitioner, or physician's assistant who meets state requirements and who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need to see a specialist or other provider.

**This section is continued on the next page**

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** or **prior authorization** to see a specialist or someone that is not your PCP. A **referral** means that your network PCP must give you approval before you can see the other provider. A **prior authorization** is different than a referral. It means that **Tufts Health Plan Senior Care Options** (not your network PCP) must give you approval **before** we will cover a specific service, item, drug, or an out-of-network provider. If you don't get a referral or prior authorization, Tufts Health Plan Senior Care Options may not cover the service, item, or drug.
  - Referrals or prior authorization are not needed for:
    - Emergency care;
    - Urgently needed care;
    - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
    - Services from a women's health specialist.
  - Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
  - More information on referrals and prior authorization is available in Chapter 3 of the *Evidence of Coverage*.

**This section is continued on the next page**

**If you have questions**, please call Tufts Health Plan Senior Care Options at 1-855-670-5934 (TTY: 711), 7 days a week, 8 a.m. – 8 p.m. (Apr. 1 – Sept 30, Mon. – Fri., 8 a.m. – 8 p.m.). The call is free. **For more information**, visit [www.thpmp.org/sco-member](http://www.thpmp.org/sco-member).

- You will also be assigned a **Primary Care Team (PCT)**. You are the center of the PCT, along with your PCP, Care Manager, and Specialists. The PCT may also include a Geriatric Service Support Coordinator, Behavioral Health Consultant, and/or Pharmacist. Other team members may be assigned based on your needs. Everyone on the Primary Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Primary Care Team may include:
  - A **Care Manager** that helps you manage your medical providers and services.
  - Your **primary care provider**.
  - **Geriatric Support Services Coordinator (GSSC)** to help you find and access support services available to you in the community. The GSSC is based out of your local Aging Services Access Point (ASAP). See the Table of Contents on page 1 to find where the ASAPs are listed (in the Long-Term Services and Supports (LTSS) section). (Both the Care Manager and GSSC may work as a part of your Primary Care Team to make sure you get the care you need.)
  - A nurse practitioner, registered nurse, or physician's assistant.

Your Primary Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need to see a specialist or other health care provider. That way, you will see the right provider to help you with your concerns.

## **B2. How to choose a primary care provider (PCP)**

First, you will need to choose a primary care provider. You can choose any PCP in our network who is accepting new members.

Your PCP may have certain plan specialists that can provide the best care for you. If your PCP refers you to a specialist, s/he may send you to a specialist with whom s/he works on a regular basis to ensure that your medical care is coordinated as effectively as possible.

**This section is continued on the next page**

To choose a PCP, go to the list of providers (see the Table of Contents on page 1 to find where the list of providers starts) and choose a physician:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you do not choose a PCP in our network, Tufts Health Plan Senior Care Options will choose one for you.
- If you want help in choosing a PCP, please call Customer Relations at 1-855-670-5934 (TTY: 711), 8:00 a.m. to 8:00 p.m., 7 days a week from October 1 to March 31 and Monday - Friday from April 1 to September 30. The call is free. Or, visit [www.thpmp.org/sco-member](http://www.thpmp.org/sco-member).
- If you have questions about whether any service or care that you want or need is covered, talk to your Primary Care Team or call Customer Relations at 1-855-670-5934 (TTY: 711) and ask **before** you get the service or care.

### **B3. Long-term Services and Supports (LTSS) providers**

As a Tufts Health Plan Senior Care Options member, you will be able to get Long-term Services and Supports (LTSS) if you need them, such as adult day health, adult foster care, day habilitation, personal care attendant services, and transportation. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, your Care Manager or Geriatric Support Services Coordinator can help you and your Primary Care Team determine what options are available to support you in the way you want.

**If you have questions**, please call Tufts Health Plan Senior Care Options at 1-855-670-5934 (TTY: 711), 7 days a week, 8 a.m. – 8 p.m. (Apr. 1 – Sept 30, Mon. – Fri., 8 a.m. – 8 p.m.). The call is free. **For more information**, visit [www.thpmp.org/sco-member](http://www.thpmp.org/sco-member).

## **B4. How to access Tufts Health Plan Senior Care Options' network providers**

You may need a referral to see someone who is not a primary care provider. There is more information about referrals in Section B1 of this Directory. See the Table of Contents on page 1 to find where Section B1 starts.

You must get all of your covered services from providers within our network. If you go to providers who are not in Tufts Health Plan Senior Care Options' network **without prior authorization, you will have to pay the bill.**

A **prior authorization** is an approval from Tufts Health Plan Senior Care Options to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Tufts Health Plan Senior Care Options gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. You may change your PCP for any reason, at any time.
- Tufts Health Plan Senior Care Options works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, Tufts Health Plan Senior Care Options can help you. Talk to your Care Manager for assistance.
