Summary of Benefits

January 1, 2026–December 31, 2026

You have choices about how to get your Medicare benefits

- One choice is to get your Medicare benefits through Original Medicare (fee-for-service Medicare). Original Medicare is run directly by the federal government.
- Another choice is to get your Medicare benefits by joining a Medicare health plan (such as Tufts Medicare Preferred PPO Rx).

Tips for comparing your Medicare choices

This *Summary of Benefits* booklet gives you a summary of what Tufts Medicare Preferred PPO Rx covers and what you pay.

- If you want to compare our plan with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder at **www.medicare.gov**.
- If you want to know more about the coverage and costs of Original Medicare, look in your current *Medicare & You* handbook. View it online at **www.medicare.gov** or get a copy by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

Things to Know About Tufts Medicare Preferred PPO Rx

Who can join?

To join Tufts Medicare Preferred PPO Rx, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, and live in our service area.

The service area for the plan described in this document includes the following counties in Massachusetts: Bristol, Essex, Hampden, Hampshire, Middlesex, Norfolk, Plymouth, Suffolk, and Worcester.

Which doctors, hospitals, and pharmacies can I use?

Tufts Medicare Preferred PPO Rx has a network of doctors, hospitals, pharmacies, and other providers. You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. You can see our plan's *Provider and Pharmacy Directory* at our website (**www.thmp.org**).

Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in emergency or urgent situations, non-contracted providers may deny care. In addition, if you use an out-of-network provider, your share of the cost for covered services may be higher.

What do we cover?

We cover everything that Original Medicare covers—and more.

- Our plan members get all of the benefits covered by Original Medicare. For some of these benefits, you may pay less in our plan than you would in Original Medicare. For others, you may pay more.
- Our plan members also get more than what is covered by Original Medicare. Some of the extra benefits are outlined in this booklet.

Tufts Medicare Preferred PPO Rx covers Part D drugs, as well as enhanced coverage of select erectile dysfunction (ED) drugs. In addition, Tufts Medicare Preferred PPO Rx covers Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, www.thpmp.org.

How will I determine my drug costs for Tufts Medicare Preferred PPO Rx?

Our plan groups each medication into one of six "tiers." You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. The amount you pay also depends on whether you fill your prescription at a preferred pharmacy or a non-preferred pharmacy. Later in this document, we discuss the benefit stages that occur after you meet your deductible: Initial Coverage and Catastrophic Coverage.

This document is available in other formats such as Braille and large print.
