Important Notes About This Policy

This *Policy* may not cover all of your medical expenses.

Right to Return Policy

If you find that you are not satisfied with your *Policy*, you may return it to Tufts Medicare Preferred at 1 Wellness Way, Canton, MA 02021-1166. If you send the *Policy* back to us within 30 days after you receive it, we will treat the *Policy* as if it had never been issued and return all of your payments.

Right to Continued Coverage

You have the right to continue your coverage under this *Policy*, provided that:

- you pay your Premiums on time, and
- you do not make any material misrepresentations to Tufts Medicare Preferred

Our Right to Change Your Benefits or Premiums

Tufts Medicare Preferred will change your benefits automatically to coincide with:

- Any changes in the applicable Medicare Part A and B Deductibles and Copayments.
- Any changes required under Massachusetts law regarding mandated benefits. We may change your Premiums to correspond with these mandated benefit changes, if they are approved by the Massachusetts Commissioner of Insurance and are in accordance with statutory or regulatory requirements.

I. HOW YOUR PLAN WORKS

A. OVERVIEW

1. INTRODUCTION:

Welcome to the Tufts Medicare Preferred Medicare Supplement Plan ("the Plan"). We are pleased you have chosen us. We look forward to working with you to help you meet your health care needs. Your satisfaction with us is important to us. If you have questions, please call Member Services at **1-800-701-9000**. We will be happy to help you.

This Plan provides coverage to supplement your Medicare benefits. The Plan is designed to add to your existing Medicare coverage (Part A and Part B of the Original Medicare Program), subject to the terms, conditions, exclusions and limitations of Medicare-eligible services.

Under the Plan, coverage is also provided for certain services which are not covered under Medicare.

Covered Services, cost sharing, limitations and exclusions are described in III. Benefit Schedule and Covered Services.

2. BENEFITS UNDER THE PLAN:

The Plan covers only the services and supplies described as Covered Services in III. Benefit Schedule and Covered Services. There are no pre-existing condition limitations under the Plan. You are eligible to use your benefits as of your Effective Date.

Your *Policy*:

This book, called your *Policy*, will help you find answers to your questions about Tufts Medicare Preferred Medicare Supplement Plan benefits. We certify that you have the right to services and supplies described in this *Policy* that are

- Eligible for coverage under Medicare or
- Eligible for coverage under the Plan, when Medically Necessary

The benefits described in this *Policy* are consistent with the requirements of Massachusetts law. Your benefits will be updated automatically when required by Massachusetts law. Medicare is the primary insurer for Medicare-Covered Services, and the Plan is the secondary insurer.

Coverage for Medicare-Covered Services under the Plan will be subject to the terms, conditions, exclusions, and limitations of eligible services and supplies under the Original Medicare Plan. That coverage is subject to change per Medicare's guidelines. This *Policy* is not intended as a full explanation of Medicare's benefits. Information and guidelines established for Medicare by the federal Centers for Medicare and Medicaid Services may be obtained:

- by contacting your local Social Security office or
- via the Internet on the official Medicare website at **www.medicare.gov**

Also, refer to your *Medicare & You* handbook for questions pertaining to the Medicare portion of your health care under the Plan.

Note that words with special meanings are defined in the Glossary in Appendix A.

3. CALLS TO MEMBER SERVICES:

The Tufts Medicare Preferred Member Services Department is committed to excellent service.

Calls to Member Services may, on occasion, be monitored to assure quality service.

4. CANCELING APPOINTMENTS:

If you must cancel an appointment with any Provider:

- Always provide as much notice to the Provider as possible (at least 24 hours), and
- If your Provider's office charges for missed appointments that you did not cancel in advance, the Plan will not pay for the charges.

B. MEMBER IDENTIFICATION CARD

1. INTRODUCTION:

The Plan gives each Member a Member identification (Member ID) card.

2. MEMBERSHIP ID NUMBER:

If you have any questions about your Member ID number, please call Member Services at **1-800-701-9000**.

3. REPORTING ERRORS:

When you receive your Member ID card, check it carefully. If any information is wrong, call us at **1-800-701-9000**.

4. USING YOUR CARD:

Your Member ID card is important because it identifies your health care plan. Remember to:

- Carry your card at all times
- Have your card with you for medical, Hospital and other appointments and
- Show your card to any Provider before you receive health care

5. IDENTIFYING YOURSELF AS A TUFTS MEDICARE PREFERRED MEMBER:

When you receive services, you must tell the office staff that you are a Tufts Medicare Preferred Member.

6. MEMBERSHIP REQUIREMENT:

You are eligible for benefits if you are a Member when you receive care. A Member ID alone is not enough to get you benefits. If you receive care when you are not a Member, you are responsible for the cost.

C. WHEN YOU NEED EMERGENCY CARE

1. GUIDELINES FOR RECEIVING COVERED EMERGENCY CARE:

Follow these guidelines when you need Emergency care within the United States.

- If needed, call 911 for Emergency medical assistance. If 911 services are not available in your area, call the local number for Emergency medical services.
- Go to the nearest Emergency medical facility.

II. ELIGIBILITY

A. ELIGIBILITY

1. ELIGIBILITY RULES

You are eligible as a Member only if you meet the following criteria:

- You are eligible for Medicare Part A and Part B and are enrolled in Medicare Part B as either:
 - A person who is age 65 or older or
 - A person who is disabled,* under age 65, and receiving Social Security disability benefits.
***Note:** If you are under age 65, you may enroll in this Plan only if the disability that made you eligible for Medicare is a condition other than end-stage renal disease.
- You are not enrolled in any other Individual Medicare Supplement Plan or a Medicare Advantage Plan under Medicare Part C.

Important Note:

Individuals who are otherwise eligible for Medicare Part A and Part B and who are enrolled in Part B, but who (a) have attained age 65 on or after January 1, 2020, or (b) first become eligible for Medicare due to age, disability or end-stage renal disease, on or after January 1, 2020, are not eligible to purchase Medicare Supplement 1 coverage provided by Tufts Medicare Preferred. However, such Individuals will be eligible to purchase all other Medicare Supplement coverage that is currently offered. Newly enrolling eligible Individuals may not terminate a Medicare Supplement 1 Plan offered by Tufts Medicare Preferred and purchase a Medicare Supplement 1A Plan offered by Tufts Medicare Preferred until the person has been covered under the Tufts Medicare Supplement 1 Plan for at least a period of 12 months.

2. PROOF OF ELIGIBILITY

Tufts Medicare Preferred may ask you for proof of your eligibility or continuing eligibility. You must provide us with proof when asked. This may include proof of:

- Residence
- Medicare enrollment

3. EFFECTIVE DATE OF COVERAGE

Your coverage starts on the first day of the month following our receipt of a completed enrollment application.

III. BENEFIT SCHEDULE AND COVERED SERVICES

Important Note: This section provides basic information about your benefits under this Plan. Please see the table below for specific information, including certain benefit restrictions and limitations (for example, visit, day, and dollar maximums). Please see the current version of your *Medicare & You* handbook, which describes the services covered under Medicare Part A and Part B. In addition, see all of the sections in this Tufts Medicare Preferred Medicare Supplement *Policy*.

The Covered Services section of this chapter describes the health care services and supplies that qualify as Covered Services under this *Policy*. Read this section to understand your coverage under Tufts Medicare Preferred Medicare Supplement ("the Plan"). In addition, this chapter explains the services and supplies excluded under this *Policy*. For more information, see the "Exclusions from benefits" section at the end of this chapter.

In general, the Plan provides coverage only for benefits eligible for payment under Medicare Part A and Part B. As a result, you should see the most recent version of your *Medicare & You* handbook. That document will explain to you the benefits, exclusions, and restrictions under your Medicare Part A and Part B coverage.

A. COVERED SERVICES

The following applies to all pages in III. Benefits Schedule and Covered Services.

*Benefits for Covered Services are provided based on the allowed charge. You may have to pay any amount over the allowed charge.

Tufts Medicare Preferred Supplement 1 Covered Services

Coverage is provided, in accordance with Massachusetts law, for the diagnosis and treatment of autism spectrum disorders. Autism spectrum disorders include any of the pervasive developmental disorders, as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, and include:

- Autistic disorder
- Asperger's disorder, and
- Pervasive developmental disorders not otherwise specified

Coverage is provided, up to the Allowed Charge, for the following Covered Services:

- Habilitative or rehabilitative care, which are professional, counseling, and guidance services and treatment programs that are necessary to develop, maintain, and restore the functioning of the individual. These programs may include, but are not limited to, applied behavioral analysis (ABA) supervised by a Board-Certified Behavior Analyst (BCBA). For more information about these programs, call Member Services at 1-800-701-9000.
- Services provided by licensed or certified speech therapists, occupational therapists, physical therapists, or social workers.
- Psychiatric and psychological care, covered under your Mental health and substance use disorder services benefit, as a Biologically-based Mental Disorder, and
- Therapeutic care (including services provided by licensed or certified speech therapists, occupational therapists, physical therapists, or social workers), covered under your short-term rehabilitation therapy benefit.

Notes:

- Prescription medications to treat autism spectrum disorders are covered under Medicare Part D. You will need to enroll in Medicare Part D to receive coverage for these drugs. Call Member Services for information about enrolling in Medicare Part D.
- For the purposes of this benefit, ABA includes the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior. To the extent that habilitative and rehabilitative services are covered by the Plan, prior approval by Tufts Health Plan is required for these services. Please call Member Services for information on how to obtain this approval.

Tufts Medicare Preferred Supplement 1 Covered Services

Medicare generally does not cover services that you receive while traveling outside of the United States and its territories. For more information on this topic, please refer to your Medicare and You handbook.

- For services that Medicare would have covered if you had received them in the United States, the Plan provides benefits for both:
 - The Covered Services listed in this Policy
 - The benefits that Medicare normally provides that are listed in this Policy

Note: The Plan will not pay for any services if you establish residency outside of the United States or its territories.

D. LIMITATIONS ON BENEFITS

1. DENTAL CARE SERVICES:

Dental care is not covered under this Plan. Medicare does not cover routine dental care or most dental procedures such as cleanings, fillings, root canals, tooth extractions and dentures. However, if you need to have Emergency or complicated dental procedures, Medicare Part A may pay for your Hospital stay even when Medicare does not cover the actual dental care services. For more information, see your Medicare and You handbook or contact Medicare.

E. EXCLUSIONS FROM BENEFITS

1. LIST OF EXCLUSIONS:

Tufts Medicare Preferred will not pay for the following services, supplies, or medications:

- A service, supply or medication which is not Medically Necessary
- A service, supply or medication which is not a Covered Service
- A service, supply or medication that is not essential to treat an injury, illness, or pregnancy, except for preventive care services
- A service, supply, or medication if there is a less intensive level of service supply, or medication or more cost-effective alternative which can be safely and effectively provided, or if the service, supply, or medication can be safely and effectively provided to you in a less intensive setting

- Service or therapy animals and related supplies

IV. WHEN COVERAGE ENDS

A. OVERVIEW

Introduction:

Tells you when coverage ends.

Reasons Coverage Ends:

Coverage ends when any of the following occurs:

You lose eligibility because:

- you no longer are eligible for Medicare Parts A and B and
- you are enrolled in Medicare Part B (please refer to your Medicare and You handbook for events that can change your Medicare coverage) or
- you fail to pay your Premium when due or
- you choose to drop coverage or
- material misrepresentation

B. WHEN A MEMBER IS NO LONGER ELIGIBLE

1. LOSS OF ELIGIBILITY:

Your coverage ends on the date you no longer are eligible for Medicare Parts A and B and enrolled in Medicare Part B.

Important Note: Your coverage will terminate retroactively to the date you are no longer eligible for coverage.

2. YOU CHOOSE TO DROP COVERAGE:

Coverage ends if you decide that, for any reason, you no longer want coverage. You may do this at any time by notifying us. You can choose to end your coverage as of the date you contact us or at a future date you elect. You must pay Premiums up through the day your coverage ends.

C. WHEN A MEMBER IS ENTITLED TO MEDICAID

If you become eligible for Medicaid (under Title XIX of the Social Security Act), you may request that we suspend your benefits and Premiums under this Tufts Medicare Preferred Medicare Supplement *Policy*. You may continue this suspension of benefits and Premiums for up to 24 months. To do this, you must notify us within 90 days after you become entitled to Medicaid.

Once we have received this notice from you, we will refund to you any Premiums you had paid beyond your Effective Date under Medicaid coverage. Note the following, though, about any Premium refund we may send you:

- We will deduct from that amount any payments we made for coverage under the Plan after your Medicaid coverage became effective.
- The amount of those payments we make under the Plan during that time period may be more than the amount we collect from you in Premiums. If this occurs, it is our right to collect the difference from you.

If you suspend your coverage in this way, and then later lose your entitlement to Medicaid, we will reinstate your *Policy*. To do this, you must notify us within 90 days after you lose your Medicaid coverage. In this event, you will need to reimburse us the amount of Premiums for the time period dating back to when you lost entitlement to Medicaid.

Once we have reinstated your *Policy*, you will be covered under the Plan as of that date. You will not wait to receive benefits, including those for treatment of a pre-existing condition. Your coverage under the Plan will be the same, or very similar to, your coverage prior to your entitlement to Medicaid. In addition, your Premiums will be at the same level they would have been if you had not suspended your coverage under the Plan.

D. MEMBERSHIP TERMINATION FOR MATERIAL MISREPRESENTATION

1. POLICY:

We may terminate your coverage for making a material misrepresentation to us. If your coverage is terminated for this reason, we may not allow you to re-enroll for coverage with us under any other plan (such as individual plan or an employer group plan).

2. ACTS OF MATERIAL MISREPRESENTATION:

Examples of material misrepresentation include:

- false or misleading information on your application
- receiving benefits for which you are not eligible
- allowing someone else to use your Member ID or
- submission of any false paperwork, forms, or claims information

3. DATE OF TERMINATION:

If we terminate your coverage for material misrepresentation, your coverage will end as of your Effective Date or a later date chosen by us.

4. PAYMENT OF CLAIMS:

We will pay for all Covered Services you received between:

- your Effective Date and
- your termination date, as chosen by us. We may retroactively terminate your coverage back to a date no earlier than your Effective Date.

We will use any Premium you paid for a period after your termination date to pay for any Covered Services you received after your termination date.

If the Premium is not enough to pay for that care, we may, at our option:

- pay the Provider for those services and ask you to pay us back or
- not pay for those services. In this case, you will have to pay the Provider for the services.

If the Premium is more than is needed to pay for Covered Services you received after your termination date, we will refund the excess to you.

E. TERMINATION OF THE INDIVIDUAL CONTRACT

End of Tufts Medicare Preferred's and Member's Relationship:

Coverage will terminate if the relationship between you and Tufts Medicare Preferred ends for any reason, including

- your Individual Contract with us terminates
- you fail to pay Premiums on time or
- we stop operating

V. MEMBER SATISFACTION

Important Notes about Appeals and Grievances:

In many instances, we will ask you to direct your initial concern to Medicare. This is because Medicare will make the primary determination on your health care benefits. Information is available: by contacting your local Social Security office or; on the official Medicare website at: **www.medicare.gov**.

The member satisfaction process described below applies to you when we determine that a service is Medically Necessary under this Plan only (and not under Medicare).

A. MEMBER SATISFACTION PROCESS

Tufts Medicare Preferred has a multi-level member satisfaction process including:

- Internal Inquiry
- Member Grievances Process
- Internal Member Appeals

Send all grievances and appeals to us at the following address:

Tufts Medicare Preferred
Attn: Appeals and Grievances Dept.
1 Wellness Way
P.O. Box 474
Canton, MA 02021-1166

All calls should be directed to Member Services at: **1-800-701-9000**.

1. INTERNAL INQUIRY

Call Member Services to discuss concerns you may have regarding your healthcare. Every effort will be made to resolve your concerns within three (3) business days. If your concerns cannot be resolved within three (3) business days or if you tell Member Services that you are not satisfied with the response you have received from us, we will send you a letter describing any options you may have. Those options may include the right to have your inquiry processed as a grievance or appeal. If you choose to file a grievance or appeal, you will receive written acknowledgement and written resolution in accord with the timelines outlined below.

We maintain records of each inquiry made by a Member or by that Member's authorized representative. The records of these inquiries and the response provided by us are subject to inspection by the Commissioner of Insurance; and the Health Policy Commission.

2. MEMBER GRIEVANCE PROCESS

A grievance is a formal complaint about actions taken by us or a Provider. There are two types of grievances: administrative grievances; and clinical grievances. The two types of grievances are described below.

It is important that you contact us as soon as possible to explain your concern. Grievances may be filed either: verbally; or in writing. If you choose to file a grievance verbally, please call Member Services. That person will document your concern and forward it to an Appeals and Grievances Analyst in the Appeals and Grievances Department. To accurately reflect your concerns, you may want to: put your grievance in writing; and send it to the address provided at the beginning of this section. Your explanation should include:

- your name and address

- your Member ID number
- a detailed description of your concern (including relevant dates; any applicable medical information; and Provider names) and
- any supporting documentation

Important Note: The Member Grievance Process does not apply to requests for a review of a denial of coverage. If you are seeking such a review, please see "Internal Member Appeals" below.

3. ADMINISTRATIVE GRIEVANCES

An administrative grievance is a complaint about: a Tufts Medicare Preferred employee, department, *Policy*, or procedure; or about a billing issue involving us.

4. ADMINISTRATIVE GRIEVANCE TIMELINE

If you file your grievance in writing, within five (5) business days after receiving your letter, we will notify you by mail that your letter has been received and provide you with the name, address, and telephone number of the Appeals and Grievances Analyst coordinating the review of your grievance.

If you file your grievance verbally, within forty-eight (48) hours we will send you a written confirmation. We will also include the name, address, and telephone number of the person coordinating the review.

If your request for review was first addressed through the internal inquiry process, and does not require the review of medical records, the thirty (30) calendar day review period will begin the day following the end of the three (3) business day internal inquiry process or earlier if you notify us that you are not satisfied with the response you received during the Internal Inquiry process.

If your grievance requires the review of medical records, you will receive a form that you will need to sign which authorizes your Providers to release medical information relevant to your grievance to us. You must sign and return the form before we can begin the review process. If you do not sign and return the form to us within thirty (30) business days of the date you filed, we may issue a response to your grievance without having reviewed the medical records. You will have access to any medical information and records relevant to your grievance which are our possession and control.

We will review your grievance, and will send you a letter regarding the outcome, as allowed by law, within thirty (30) calendar days of receipt.

The time limits in this process may be waived or extended beyond the time allowed by law upon mutual written agreement between you or your authorized representative; and us.

5. CLINICAL GRIEVANCES

A clinical grievance is a complaint about the quality of care or services that you have received. If you have concerns about your medical care, you should discuss them directly with your Provider. If you are not satisfied with your Provider's response or do not wish to address your concerns directly with your Provider, you may contact Member Services to file a clinical grievance.

If you file your grievance in writing, we will: notify you by mail, within five (5) business days after receiving your letter, that: your letter has been received; and provide you with the name, address, and telephone number of the Appeals and Grievances Analyst coordinating the review of your grievance. If you file your grievance verbally, we will send you a written confirmation of our understanding of your concerns within forty-eight (48) hours. We will also include the name, address, and telephone number of the person coordinating the review.

We will review your grievance and will notify you in writing regarding the outcome, as allowed by law, within thirty (30) calendar days of receipt. The review period may be extended up to an additional thirty (30) days if additional time is needed to complete the review of your concern. You will be notified in writing if the review timeframe is extended.

6. "RECONSIDERATION:"

If you are not satisfied with the result of the Clinical Grievance review process, you may request a "reconsideration". If you so choose, your concerns will be reviewed by a clinician who was not involved in the initial review process. Upon request for a reconsideration, your concerns will be reviewed within thirty (30) calendar days. You will be notified in writing of the results of the review

7. INTERNAL MEMBER APPEALS:

An appeal is a request for a review of a: denial of coverage for a service or supply that has been reviewed and denied by Tufts Medicare Preferred based on Medical Necessity (an adverse determination) or; a denial of coverage for a specifically excluded service or supply. Our Appeals and Grievances Department will review all of the information submitted upon appeal, taking into consideration your benefits as detailed in this *Policy*.

It is important that you contact us as soon as possible to explain your concern. You have 180 days from the date you were notified of the denial of benefit coverage or claim payment to file an internal appeal. Appeals may be filed either verbally or in writing. If you would like to file a verbal appeal, call a Member Services Representative who will: document your concern; and forward it to an Appeals and Grievances Analyst. To accurately reflect your concerns, you may want to: put your appeal in writing; and send it to the address provided at the beginning of this section. Your explanation should include:

- your name and address
- your Member ID number
- a detailed description of your concern (including relevant dates, any applicable medical information, and Provider names) and
- any supporting documentation

8. APPEALS TIMELINE:

If you file your appeal verbally or in writing, we will notify you in writing, within forty-eight (48) hours after receiving your written or verbal appeal, that your appeal has been received and; provide you with the name, address, and telephone number of the Appeals and Grievances Analyst coordinating the review of your appeal and our understanding of your concern.

If your request for review was first addressed through the internal inquiry process, and does not require the review of medical records, the thirty (30) calendar day review period will begin the day following the end of the three (3) day internal inquiry process or earlier if you notify us that you are not satisfied with the response you received during the internal inquiry process.

Within 30 calendar days of receipt, we will: review your appeal; make a decision; and send you a decision letter.

The time limits in this process may be waived or extended beyond the time allowed by law upon mutual verbal or written agreement between you or your authorized representative; and us.

This extension may be necessary if: we are waiting for medical records that are necessary for the review of your appeal; and have not received them. The Appeals and Grievances Analyst handling your case will notify you in advance if an extension may be needed. Also, a letter will be sent to you confirming the extension.

9. WHEN MEDICAL RECORDS ARE NECESSARY:

If your appeal requires the review of medical records, you will receive a form that you will need to sign which authorizes your Providers to release to us medical information relevant to your Appeal. You must sign and return the form before we can begin the review process. If you do not sign and return the form to us within thirty (30) calendar days of the date you filed your appeal, we may issue a response to your request without having reviewed the medical records. You will have access to any medical information and records relevant to your appeal, which are in our possession and control.

10. WHO REVIEWS APPEALS?

If the appeal involves a Medical Necessity determination, an actively practicing health care professional in the same or similar specialty as typically treats the medical condition, performs the procedure, or provides the treatment that is under review, and who did not participate in any of the prior decisions on the case will take part in the review. In addition, a Committee made up of Managers and Clinicians from various Tufts Health Plan departments will review your appeal. A Committee within the Appeals and Grievances Department will review appeals involving non-Covered Services.

11. APPEAL RESPONSE LETTERS:

The letter you receive from us will include identification of the specific information considered for your appeal and an explanation of the basis for the decision. A response letter regarding a final adverse determination (a decision based on Medical Necessity) will include: the specific information upon which the adverse determination was based; our understanding of your presenting symptoms or condition; diagnosis and treatment interventions, and the specific reasons such medical evidence fails to meet the relevant medical review criteria; alternative treatment options offered, if any; applicable clinical guidelines; the titles and credentials of the individuals who reviewed the case, and the availability of translation services and consumer assistance programs. Please note that requests for coverage of services that are specifically excluded in your *Policy* are not eligible for external review.

An appeal not properly acted on by us within the time limits of Massachusetts law and regulations, including any extensions made by mutual written agreement between you or your authorized representative and us, shall be deemed resolved in your favor.

12. EXPEDITED APPEALS:

We recognize that there are circumstances that require a quicker turnaround than the 30 calendar days allotted for the standard Appeals Process. We will expedite an appeal when there is an ongoing service about to terminate or a service to be delivered imminently whereby a delay in treatment would seriously jeopardize your life and health or jeopardize your ability to regain maximum function. Should you feel that your request meets the criteria cited above, you or your attending Physician should contact Member Services. Under these circumstances, you will be notified of our decision within 2 business days, but no later than seventy-two (72) hours (whichever is less) after the review is initiated. If your treating Provider (the practitioner responsible for the treatment or proposed treatment) certifies that the service being requested is Medically Necessary; that a denial of coverage for such services would create a substantial risk of serious harm; and such risk of serious harm is so immediate that the provision of such services should not await the outcome of the normal grievance process, you will be notified of our decision within forty-eight (48) hours of the receipt of certification. If you are appealing coverage for Durable Medical Equipment (DME) that we determined was not Medically Necessary, you will be notified of our decision within less than forty-eight (48) hours of the receipt of certification. If you are an Inpatient in a Hospital, we will notify you of the decision before you are discharged. If your appeal concerns the termination of ongoing coverage or treatment, the disputed coverage shall remain in effect at our expense through the completion of the Internal Appeals Process. The only services which will continue to be covered are those which: (1) were originally authorized by us; and (2) which were not terminated pursuant to a specific time or episode-related exclusion.

If you have a terminal illness, we will notify you of our decision within five (5) days of receiving your appeal. If our decision is to deny coverage, you may request a conference. We will schedule the conference within 10 days (or within 5 business days if your Physician determines, after talking with a Tufts Medicare Preferred Medical Affairs Department Physician or Psychological Testing Reviewer, that based on standard medical practice the effectiveness of the proposed treatment or alternative covered treatment would be materially reduced if not provided at the earliest possible date). You may bring another person with you to the conference. At the conference, you and/or your authorized representative, if any, and a representative of Tufts Medicare Preferred who has authority to determine the disposition of the grievance shall review the information provided.

If the appeal is denied, the decision will include the specific medical and scientific reasons for denying the coverage, and a description of any alternative treatment, services or supplies that would be covered. If your requests meet the criteria for an expedited review, you may also file an expedited external appeal at the same time.

13. CONFERENCE (WALK-IN) APPEALS:

If the case involves an adverse determination (Medical Necessity determination), you or your representative may also appear in person or by conference call to present your appeal. This is an opportunity for you to present additional information to the Committee that may be better communicated in person. If you would like to present your appeal in person, you must request this option. A Member Appeals Analyst will contact you to schedule a date and time to appear. You will have approximately twenty minutes to address the Committee. The Committee will not make a decision while you are present. However, the Member Appeals Analyst will notify you of a decision after it has been made.

B. IF YOU ARE NOT SATISFIED WITH THE APPEALS DECISION

"Reconsideration":

In circumstances where relevant medical information (1) was received too late to review within the thirty (30) calendar day time limit; or (2) was not received but is expected to become available within a reasonable time period following the written resolution, you may choose to request a reconsideration. We may allow the opportunity for reconsideration of a final adverse determination. If you request a reconsideration you must agree in writing to a new time period for review. The time period will be no greater than thirty (30) calendar days from the agreement to reconsider the appeal.

Please note, if you are not satisfied with our member satisfaction process, you have the right at any time to contact the Commonwealth of Massachusetts Division of Insurance Bureau of Managed Care at:

Division of Insurance, Bureau of Managed Care
Office of Consumer Affairs and Business Regulations
1000 Washington Street, 8th Floor
Boston, MA 02118
Phone: **1-617-521-7794**
Web: **www.mass.gov/orgs/division-of-insurance**

C. LIMITATION ON ACTIONS

Limitation on Actions:

You cannot file a lawsuit against Tufts Medicare Preferred for failing to pay or arrange for Covered Services unless you have completed our member satisfaction process and file the lawsuit within two years from the time the cause of action arose. For example, if you want to file a lawsuit because you were denied coverage under this *Policy*, you must first complete our member satisfaction process, and then file your lawsuit within the next two years after the date you were first sent a notice of the denial. Going through the member satisfaction process does not extend the time limit for filing a lawsuit beyond the two years after the date you were first denied coverage.

VI. OTHER PLAN PROVISIONS

A. SUBROGATION

1. TUFTS MEDICARE PREFERRED'S RIGHT OF SUBROGATION

You may have a legal right to recover some or all of the costs of your health care from someone else (a "Third Party"). "Third Party" means any person or company that is, could be, or is claimed to be responsible for the costs of injuries or illness to you.

Tufts Medicare Preferred may cover health care costs for which a Third Party is responsible. In this case, we may require that Third Party to repay us the full cost of all such benefits provided by this Plan. Our rights of recovery apply to any recoveries made by you or on your behalf from any source. This includes, but is not limited to:

- payments made by a Third Party
- payments made by any insurance company on behalf of the Third Party
- any payments or rewards under an uninsured or underinsured motorist coverage policy
- any disability award or settlement
- medical payments coverage under any automobile policy
- premises or homeowners' medical payments coverage
- premises or homeowners' insurance coverage and
- any other payments from a source intended to compensate you for Third Party injuries

We have the right to recover those costs in your name. We can do this with or without your consent, directly from that person or company. Our right has priority, except as otherwise provided by law. We can recover against the total amount of any recovery, regardless of whether all or part of the recovery is for medical expenses or the recovery is less than the amount needed to reimburse you fully for the illness or injury.

2. PERSONAL INJURY PROTECTION/MED PAY BENEFITS

You may be entitled to benefits under your own or another individual's automobile coverage, regardless of fault. These benefits are commonly referred to as Personal Injury Protection (PIP) and Medical Payments (Med Pay). Our coverage is secondary to both PIP and MedPay benefits. If we pay benefits before PIP or Med Pay benefits have been exhausted, we may recover the cost of those benefits as described above.

3. TUFTS MEDICARE PREFERRED'S RIGHT OF REIMBURSEMENT

This provision applies in addition to the rights described above. You may recover money by suit, settlement, or otherwise. If this happens, you are required to reimburse us for the cost of health care services, supplies, medications, and expenses for which we paid or will pay. This right of reimbursement attaches when we have provided health care benefits for expenses where a Third Party is responsible and you have recovered any amounts from any sources. This includes, but is not limited to:

- payments made by a Third Party
- payments made by an insurance company on behalf of the Third Party
- any payments or awards under an uninsured or underinsured motorist coverage policy
- any disability award or settlement
- medical payments coverage under any automobile policy
- premises or homeowners' medical payments coverage

- premises or homeowners' insurance coverage and
- any other payments from a source intended to compensate you when a Third Party is responsible

We have the right to be reimbursed up to the amount of any payment received by you, regardless of whether (a) all or part of the payment to you was designated, allocated, or characterized as payment for medical expenses; or (b) the payment is for an amount less than that necessary to compensate you fully for the illness or injury.

4. MEMBER COOPERATION:

You further agree:

1. to notify us promptly and in writing when notice is given to any Third Party or representative of a Third Party of the intention to investigate or pursue a claim to recover damages or obtain compensation
2. to cooperate with us and provide us with requested information
3. to do whatever is necessary to secure our rights of subrogation and reimbursement under this Plan
4. to assign us any benefits you may be entitled to receive from a Third Party. Your assignment is up to the cost of health care services and supplies, and expenses, that we paid or will pay for your illness or injury
5. to give us a first priority lien on any recovery, settlement, or judgment or other source of compensation which may be had by any Third Party. You agree to do this to the extent of the full cost of all benefits associated with Third Party responsibility.
6. to do nothing to prejudice our rights as set forth above. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this Plan.
7. to serve as a constructive trustee for the benefit of this Plan over any settlement or recovery funds received as a result of Third Party responsibility
8. that we may recover the full cost of all benefits provided by this Plan without regard to any claim of fault on your part, whether by comparative negligence or otherwise
9. that no court costs or attorney fees may be deducted from our recovery
10. that we are not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by you to pursue your claim or lawsuit against any Third Party and
11. that in the event you or your representative fails to cooperate with Tufts Medicare Preferred, you shall be responsible for all benefits provided by this Plan in addition to costs and attorney's fees incurred by Tufts Medicare Preferred in obtaining repayment

5. WORKERS' COMPENSATION:

Employers provide workers' compensation insurance for their employees to protect them in case of work-related illness or injury.

If you have a work-related illness or injury, you and your employer must ensure that all medical claims related to the illness or injury are billed to your employer's workers' compensation insurer. Tufts Medicare Preferred will not provide coverage for any injury or illness for which it determines that benefits are available under: any workers' compensation coverage or equivalent employer liability; or indemnification law (whether or not the employer has obtained workers' compensation coverage as required by law).

If we pay for the costs of health care services or medications for any work-related illness or injury, we have the right to recover those costs from you, the person, or company legally obligated to pay for such services, or from the Provider. If your Provider bills services or medications to us for any work-related illness or injury, please contact Member Services.

6. SUBROGATION AGENT:

We may contract with a third party to administer subrogation recoveries. In such case, that subcontractor will act as our agent.

B. COORDINATION OF BENEFITS

1. BENEFITS UNDER OTHER PLANS:

You may have benefits under other Plans for Hospital, medical, dental or other health care expenses.

We have a coordination of benefits program (COB) that prevents duplication of payment for the same health care services. We will coordinate benefits payable for Covered Services with benefits payable by other plans, consistent with state law.

2. PRIMARY AND SECONDARY PLANS:

We will coordinate benefits by determining:

- which plan has to pay first when you make a claim and
- which plan has to pay second

We will make these determinations according to applicable state law.

3. RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION:

When you enroll, you must include information on your membership application about other health coverage you have.

After you enroll, you must notify us of new coverage or termination of other coverage. We may ask for and give out information needed to coordinate benefits.

You agree to provide information about other coverage and cooperate with our COB program.

4. RIGHT TO RECOVER OVERPAYMENT:

We may recover, from you or any other person or entity, any payments made that are greater than payments it should have made under the COB program. We will recover only overpayments actually made.

5. FOR MORE INFORMATION:

For more information about COB, call Member Services: **1-800-701-9000**.

C. USE AND DISCLOSURE OF MEDICAL INFORMATION

We mail a separate "Notice of Privacy Practices" to all Members to explain how we use and disclose your medical information. If you have questions or would like another copy of our "Notice of Privacy Practices", call Member Services: **1-800-701-9000**. Information is also available on our website at: **www.thmp.org**

D. COVERAGE FOR PRE-EXISTING CONDITIONS

Your coverage under this *Policy* is not limited with respect to pre-existing conditions. A pre-existing condition is a condition for which medical advice was given or treatment was recommended by or received from a Physician within six months before your Effective Date.

E. CIRCUMSTANCES BEYOND TUFTS MEDICARE PREFERRED'S REASONABLE CONTROL

Circumstances Beyond our Reasonable Control:

We shall not be responsible for a failure or delay in arranging for the provision of services in cases of circumstances beyond our reasonable control. Such circumstances include but are not limited to: major disaster; epidemic; strike; war; riot; and civil insurrection. In such circumstances, we will make a good faith effort to arrange for the provision of services. In doing so, we will take into account the impact of the event and the availability of Providers.

F. INDIVIDUAL CONTRACT

1. ACCEPTANCE OF THE TERMS OF THE INDIVIDUAL CONTRACT:

By signing and returning the membership application form, you apply for Individual coverage and agree to all the terms and conditions of the Individual Contract, including this *Policy*.

2. PAYMENTS FOR COVERAGE:

We will bill you and you will pay your Premiums to us. We are not responsible if you fail to pay the Premium.

Note: If you fail to pay the Premium on time, we may cancel your coverage in accordance with this *Policy* and applicable state law.

We may change the Premium. If the Premium is changed, the change will apply to all Members enrolled in this Plan and not just you.

3. CHANGES TO THIS POLICY:

Tufts Medicare Preferred may change this *Policy*. Changes will be consistent with state and federal law and do not require your consent. Notice of changes in Covered Services will be sent to you at least 60 days before the effective date of the modifications and will:

- include information regarding any changes in clinical review criteria and
- detail the effect of such changes on a Member's personal liability for the cost of such changes

An amendment to this *Policy* describing the changes will be sent to you and will include the effective date of the change. Changes will apply to all benefits for services received on or after the effective date with one exception.

Exception: A change will not apply to you if you are an Inpatient on the effective date of the change until your discharge date.

Note: If changes are made, they will apply to all Members enrolled in this product, not just to you.

4. NOTICE

Notice to Members: When we send a notice to you, it will be sent to your last address on file with us.

Notice to us: Members should address all correspondence to:

Tufts Medicare Preferred
1 Wellness Way
P.O. Box 494
Canton, MA 02021-1166

5. ENFORCEMENT OF TERMS:

We may choose to waive certain terms of the *Policy*, if applicable. This does not mean that we give up its rights to enforce those terms in the future.

6. WHEN THIS POLICY IS ISSUED AND EFFECTIVE:

This *Policy* is issued and effective on your Effective Date on or after January 1, 2024, and supersedes all previous Policies.

VII. APPENDIX A: GLOSSARY OF TERMS

Terms and Definitions

This section defines the terms used in this *Policy*

Accident

Injury or injuries for which benefits are provided means accidental bodily injury sustained by the Member which is the direct result of an accident, independent of disease or bodily infirmity or any other cause, and occurs while his or her coverage is in force under this Plan.

Note: Injuries shall not include injuries for which benefits are provided or available under:

- any workers' compensation, employer's liability or similar law
- motor vehicle no-fault plan
- or other motor vehicle insurance-related plan; unless prohibited by law

Allowed Charge*

The expense used to determine payment of Plan benefits listed in this *Policy*

- For a service eligible for coverage under Medicare: This means the payment amount Medicare establishes for that service. See your Medicare and You handbook, or contact Medicare, for more information.
- For a service that qualifies as a Covered Service under this Plan only: This means the Provider's actual charge for that service.

*Allowed charge does not include any Part B excess charges or sequestration charges.

Ambulatory Surgery

Any surgical procedure(s) in an operating room under anesthesia for which the Member is admitted to a facility licensed by the state to perform surgery, and with an expected discharge the same day, or in some instances, within twenty-four hours. For Hospital census purposes, the Member is an Outpatient not an Inpatient. Also referred to as "ambulatory surgery" or "Surgical Day Care."

Benefit Period

The way that Medicare measures your use of Hospital and Skilled Nursing Facility services:

- A benefit period begins the day you receive Covered Inpatient Services in a Hospital or Skilled Nursing Facility.
- The benefit period ends when you have not received Covered Inpatient Services in a Hospital or Skilled Nursing Care for 60 days in a row.
- If you go into the Hospital after one benefit period has ended, a new Benefit Period begins.
- You must pay the Inpatient Hospital Deductible for each benefit period.

There is no limit to the number of benefit periods you can have.

Biologically-based Mental Disorders

The following Mental Disorders:

- schizophrenia
- schizoaffective disorder
- major depressive disorder
- bipolar disorder

- paranoia and other psychotic disorders
- obsessive-compulsive disorder
- panic disorder
- delirium and dementia
- affective disorders
- eating disorders
- post-traumatic stress disorders
- autism
- substance use disorders; and any other Mental Disorders added by the Commissioners of the Department of Mental Health and the Division of Insurance

Board-Certified Behavior Analyst (BCBA)

A board-certified behavior analyst (BCBA) meets the qualifications of the Behavior Analyst Certification Board (BACB) by achieving a master's degree, training, experience, and other requirements. A BCBA professional conducts behavioral assessments, designs and supervises behavior analytic interventions, and develops and implements assessment and interventions for Members with diagnoses of autism spectrum disorders. BCBAs may supervise the work of Board-Certified Assistant Behavior Analysts and other Paraprofessionals who implement behavior analytic interventions.

Coinsurance

An amount you must pay as your share of the cost of Medicare Covered Services after you pay any Medicare Deductibles. Coinsurance is usually a percentage (for example, 20%), rather than a set amount.

Covered Services

The services and supplies for which Tufts Medicare Preferred will pay under this *Policy* must be:

- described in III. Benefit Schedule and Covered Services
- for Medicare-approved services, obtained by a Provider who accepts assignment from Medicare and
- except for preventive care, Medically Necessary

Note: Covered services do not include any tax, surcharge, assessment or other similar fee imposed under any state or federal law or regulation on any Provider, Member, service, supply, or medication.

Custodial Care

- Care given primarily to assist in the activities of daily living, such as bathing, dressing, eating, and maintaining personal hygiene and safety
- Care given primarily for maintaining the Member's or anyone else's safety, when no other aspects of treatment require an acute Hospital level of care
- Services that could be given by people without professional skills or training or
- Routine maintenance of colostomies, ileostomies, and urinary catheters or
- adult and pediatric day care
- In cases of mental health care when no other aspects of treatment require an acute Hospital level of care, Inpatient care given primarily:
 - for maintaining the Member's or anyone else's safety or
 - for the maintenance and monitoring of an established treatment program

Note: Custodial care is not covered by Tufts Medicare Preferred.

Deductible

The amount you must pay for health care, before Medicare begins to pay for Medicare Covered Services. There is a deductible for each Benefit Period for Part A, and each year for Part B. These amounts can change every year.

Durable Medical Equipment

Devices or instruments of a durable nature that:

- are reasonable and necessary to sustain a minimum threshold of independent daily living
- are made primarily to serve a medical purpose
- are not useful in the absence of illness or injury
- can withstand repeated use and
- can be used in the home

Effective Date

This is the date which according to our records you become a Member and are first eligible for Covered Services.

Emergency

An illness or medical condition, whether physical or mental, that manifests itself by symptoms of sufficient severity including severe pain that the absence of prompt medical attention could reasonably be expected by a prudent layperson, who possesses an average knowledge of health and medicine, to result in:

- serious jeopardy to the physical and/or mental health of a Member or another person (or with respect to a pregnant Member, the Member's or her unborn child's physical and/or mental health)
- serious impairment to bodily functions or
- serious dysfunction of any bodily organ or part or
- with respect to a pregnant woman who is having contractions, inadequate time to effect a safe transfer to another Hospital before delivery, or a threat to the safety of the Member or her unborn child in the event of transfer to another Hospital before delivery

Some examples of illnesses or medical conditions requiring emergency care are: severe pain; a broken leg; loss of consciousness; vomiting blood; chest pain; difficulty breathing; or any medical condition that is quickly getting much worse.

Experimental or Investigative

A service, supply, treatment, procedure, device, or medication (collectively "treatment") is considered experimental or investigative and therefore, not Medically Necessary, if any of the following is true:

- the drug or device cannot be lawfully marketed without the approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished or to be furnished
- the treatment, or the "informed consent" form used with the treatment, was reviewed and approved by the treating facility's institutional review board or other body serving a similar function, or federal law requires such review or approval
- reliable scientific evidence shows that the treatment is the subject of ongoing Phase I or Phase II clinical trials; is the research, experimental, study or investigative arm of ongoing Phase III clinical trials; or is otherwise under study to determine its safety, efficacy, toxicity, maximum tolerated dose, or its efficacy as compared with a standard means of treatment or diagnosis
- evaluation by an independent health technology assessment organization has determined that the treatment is not proven safe and/or effective in improving health outcomes or that appropriate patient selection has not been determined

- the peer-reviewed published literature regarding the treatment is predominantly non-randomized, historically controlled, case controlled, or cohort studies, or there are few or no well-designed randomized, controlled trials
- there is no scientific or clinical evidence that the treatment is at least as beneficial as any established, evidence-based alternatives

Hospital

A hospital, as defined by Medicare, which is authorized for payment by Medicare and licensed to operate as a hospital in the state where it operates.

Individual Contract

The agreement between Tufts Medicare Preferred and you under which:

- we agree to provide Individual Coverage to you and
- you agree to pay a Premium to us on your behalf

The individual contract includes this *Policy* and any amendments.

Inpatient

A patient who is:

- admitted to a Hospital or other facility licensed to provide continuous care and
- classified as an inpatient for all or a part of the day on the facility's inpatient census

Medically Necessary

For a service eligible for coverage under Medicare: This means "medically necessary" as determined by Medicare. See your *Medicare & You* handbook or contact Medicare for more information.

For a service that qualifies as a Covered Service under this Tufts Medicare Preferred Medicare Supplement Policy only:

This term has the following meaning:

A service or supply that is consistent with generally accepted principles of professional medical practice as determined by whether that service or supply:

- Is the most appropriate available supply or level of services for the Member in question considering potential benefits and harms to that Individual
- Is known to be effective, based on scientific evidence, professional standards and expert opinion, in improving health outcomes or
- for services and interventions not in widespread use, is based on scientific evidence

In determining coverage for Medically Necessary Services, Tufts Medicare Preferred uses Medical Necessity Guidelines which are:

- developed with input from practicing Physicians
- developed in accordance with the standards adopted by national accreditation organizations
- updated at least biennially or more often as new treatments, applications and technologies are adopted as generally accepted professional medical practice and
- evidence-based, if practicable

Medicare

Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965, as then constituted or later amended

Medicare-approved Amount

The amount a Physician or supplier that accepts assignment can be paid by Medicare.

- It includes what Medicare pays and any Deductible, Coinsurance, or Copayment that you pay.
- It may be less than the actual amount a doctor or supplier charges.

Medicare Eligible Expenses

Expenses of the kind covered by Medicare Parts A and B, to the extent recognized as reasonable and Medically Necessary by Medicare

Member

A person who:

- enrolls in the Plan
- signs the membership application form and
- in whose name the Premium is paid to us

Also, referred to as "you."

Mental Disorders

Psychiatric illnesses or diseases listed as Mental Disorders in the latest edition, at the time treatment is given, of the American Psychiatric Association's Diagnostic and Statistical Manual: Mental Disorders regardless of whether the cause of the illness or disease is organic

Mental Disorders

Psychiatric illnesses or diseases listed as Mental Disorders in the latest edition, at the time treatment is given, of the American Psychiatric Association's Diagnostic and Statistical Manual: Mental Disorders regardless of whether the cause of the illness or disease is organic

Non-Conventional Medicine

A group of diverse medical and health care systems, practices, and products that are not presently considered to be part of conventional medicine and are generally not based on scientific evidence. Since these services are not based on scientific evidence, they do not meet the Tufts Health Plan definition of Medical Necessity and are not covered. Providers of these non-Covered Services may be contracting or non-contracting traditional medical Providers. These services may be offered in connection with a traditional office visit. Providers of non-convention medicine services often request payment up front because health insurance typically does not cover these services.

Common terminology used to refer to these types of services include, but are not limited to, "alternative medicine", "complementary medicine", "integrative medicine", "functional health medicine", and may be described as treating "the whole person", "the entire individual", or "the inner self", and may refer to re-balancing hormones or finding underlying causes that lead to bodily dysfunction. Examples of non-conventional medicine and related services include, but are not limited to:

- holistic, naturopathic, energy medicine (e.g., Reiki, Ayurvedic, magnetic fields)
- manipulative and body-based practices (e.g., reflexology, yoga, exercise therapy, tai-chi)
- mind-body medicine (e.g., hypnotherapy, meditation, stress management)
- whole medicine systems (e.g., naturopathy, homeopathy)
