SECTION 1 – Introduction

This directory provides a list of Tufts Health Plan Senior Care Options' network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP.

What is the role of the PCP in coordinating covered services?

"Coordinating" your services includes talking with you and other plan providers about your care. These other plan providers, such as a Geriatric Support Services Coordinator (GSSC), nurse practitioner, registered nurse, or physician's assistant, may join up with you and your PCP to form your Primary Care Team (or "PCT") to help coordinate your care. If you need certain types of covered services or supplies, your PCP, after checking with you and your PCT, may also refer you to a plan specialist. Your PCP may have certain plan specialists that can provide the best care for you. That plan specialist may be someone who works with your PCP and PCT on a regular basis and can coordinate your care more smoothly and timely. (Of course, in the event of an emergency, if you need urgent care, or you are out of the service area, you don't need a referral to seek medical services). Also, your referral may be time limited. In some cases, your PCP will need to get prior approval from us. Since your PCP and PCT will either provide or coordinate your care, you should have all of your past medical records sent to your PCP's office for their use.

The "network providers" listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory: however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers.

What is a referral?

A referral is an approval from your PCP to seek care from another health care professional, usually a specialist, for treatment or consultation. If you need certain types of covered services or supplies, your PCP must give approval in advance (such as referring you to a specialist). If your PCP refers you to a specialist s/he may send you to a specialist with whom s/he works on a regular basis to assure that your medical care is coordinated as effectively as possible. For emergency or urgent care situations, out-of-area renal dialysis, or other services referrals are not required. In some cases, your PCP will also need to get prior authorization (prior approval) in addition to providing a referral.

If you receive a bill from a non-contracting provider for a service that you received while following plan rules and which you believe should be covered by the plan, do not pay the bill. Send the bill directly to Tufts Health Plan Senior Care Options for processing and determination on your liability, if any.

What if there's is a medical emergency?

A “medical emergency” is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse. If you have a medical emergency:

- Get help as quickly as possible. Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.
- As soon as possible, make sure that our plan has been told about your emergency. We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. The phone number to call our Plan is on the back of your membership card.
- You can be outside our service area for up to 6 consecutive months and still be covered for emergency and urgently needed care.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor Tufts Health Plan Senior Care Options will be responsible for the costs.

What is the service area for Tufts Health Plan Senior Care Options?

Network Pharmacies

This booklet provides a list of Tufts Health Plan Senior Care Options' network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Tufts Health Plan Senior Care Options' formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Tufts Health Plan Senior Care Options only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to

fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of January 15, 2016. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at thpmp.org/sco. You may also call Customer Relations for updated provider information.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this directory.

If you have questions about any of the above, including for instructions on how to submit claims for prescriptions that you had to fill at a non-network pharmacy, please see the first and last cover pages of this directory for information on how to contact us.

The Tufts Health Plan Senior Care Options provider directory divides pharmacies into several sections to allow you the flexibility to search for information in the way that suits your needs:

- Retail pharmacies, including chain pharmacies
- Mail order pharmacies
- Home infusion pharmacies
- Long-term care pharmacies

Within each section, the pharmacies are listed in alphabetical order by city/town.
